The Lunar Return

Astrology can provide many valuable panoramas as you move through this world, from a lifelong overview to the snapshot of the opportunities available in a single instant. The view you get depends upon how far back you pull from the subject and thus how much your eye, so to speak, can encompass. In the words of the Sesame Street song:

That's about the size,
Where you put your eyes,
That's about the size of it.

It's all in how you frame your picture. The

closer to the subject you get, the greater the detail - the farther away, the larger the scope. The natal horoscope with its transits and progressions can, for instance, give you a view of all the days of your life, painted with a broad brush. Or, the sweep of the heavens in the instant of the moment can portray where you're at right now. In the middle, the pictures of the coming month or the coming year are available to you in the form of lunar (monthly) and solar (yearly) returns.

What Is A Lunar Return?

Your Lunar return is the monthly chart of the instant the Moon in the sky returns to the exact position it was at your birth. It's kind of a monthly birthday, and the arrangement of planets it displays reflects the patterns of your coming month. Each month, this re-birth-day works out its potential for you and then is renewed once again 27 1/2 days later with a new set of surprises and opportunities.

How Does It Work?

Like your natal chart, or any other kind of horoscope, a Lunar return is a chart of a beginning - in this case, the monthly beginning of the lunar cycle that started at your birth, which is the cycle of your response to your environment, including your emotions, feelings, interactivity, social well-being, and generally how creatively you react to the challenges and opportunities of life. It works on the principle that when you begin something - anything - everything that flows from it is bound up in the initial conditions under which it started. The beginning is your foundation, and you build and rest upon it until you are finished. A Lunar return is the astrological depiction of the new beginning you make each month and what results from it until the next cycle begins.

Well Begun Is Half Done

"The beginning is half of everything," said the ancient Greeks, and so your monthly beginning is something to be taken seriously and honored, if you want your lunar month to have a good start. Thus, give yourself a little time and space to rest and meditate if you can in the few hours surrounding the time of your Lunar return each month. Take the time to think about what lies ahead, plan your strategies, and gather your resources so you can make the best of what's offered. Look over the aspects in your Lunar return chart and the days and times ahead where they individually kick in. Once you've got a calm picture of the challenges and openings to come, you can rise to seize the day, one moment at a time, and make the most of the month.

Changing The Picture

The planetary positions in a Lunar return are locked in at the moment the Moon returns to its natal place. Where these positions fall in relation to the local horizon, and thus the areas

of life in which they work, is entirely dependent upon where you are at the time. Thus, if you see that your Lunar return is going to develop a picture you'd like to rearrange, that can be accomplished by placing yourself at the right spot on the globe t

o fine-tune the event. Many astrologers travel widely in order to adjust both Solar and Lunar returns - I have done so repeatedly over the last 35 years with apparent great success, so I recommend it when necessary. Moving about extensively every month is not easy for everyone, but being aware that it affects the Lunar return is a plus if you normally travel on business and have some say as to where.

Pieces Of The Puzzle

The Lunar return is a large piece of the astrological pic

ture of what happens with your life every month, but it is not the only one. Lunar transits, New and Full Moons, and other factors also weigh in, so they have been included in this report so you can have a more complete picture of what to expect and what

you have to work with. You should remember, however, that factors whose timing is as short as a monthly cycle are more like the minute or second hands on your life's clock face. Don't forget to stand back every now and then and refresh yourself with the

big picture of where you are and where you're going, which are described by long-term transit and progression cycles. After that, you can get back down to the day-to-day nitty-gritty which the Lunar return offers and know that your focus is tracking and

every moment is enjoyed and utilized to its best advantage. With that in mind, read on and launch yourself into the coming month with the wind at your back and the planets racing by your side...

Your Personal Lunar Return

Your Lunar Return Chart This Month

Your Lunar return can be read in a manner similar to many other types of horoscopes, except that in doing interpretations it must be kept in mind that it has an unusually short life. The chart is only in effect for 27 1/2 days until it is supplanted by the next Lunar return. Thus, where the middle and outer planets are concerned, there is little or no change of sign over literally dozens of Lunar returns. This makes the overall influence of signs more of a long-term, barely changing backdrop and thus negligible in effect. The house placements and the mutual aspects of the planets and Angles thus become where all the action is, fueled mostly by the faster-changing positions of the inner planets. That may be just as well, as trying to stuff too much interpretive information into a description of a single month leads to diminishing returns, and what is important gets lost in the shuffle.

So what is most important in a Lunar return? Certainly the house positions of the Sun and Moon, and the sign of the Ascendant, which represent the main areas of focus for the month, along with the house positions of the planets. After that comes the aspects of the Lights, Angles, and inner planets to each other and to the middle and outer planets, which describes the dynamics of the month. Last comes the aspects of the middle and outer planets to each other, which provide a background dynamic upon which the rest play out. These, taken together with featured elements of your natal chart highlighted by Lunar Return positions, give an overall picture of the coming month.

Daily Events

After a look at the overall picture for the month, daily influences are painted primarily by the transiting Moon as it passes through the natal and Lunar return houses and ticks off its conjunctions to planets in both the natal chart and the Lunar return chart. This accounts for 47 occurrences, each of which happens once, in varying orders, throughout each month. As the Moon transits the houses and planets of the natal chart, it triggers events that are both personal to the moment and yet connect with more long-term issues as well, since the natal chart abides permanently. As the Moon touches the houses and planets of the Lunar return, however, its effects are to highlight and spark off the trends depicted in that chart only, and thus apply only to very short-term developments. These Lunar transits thus give what amounts to inner and outer pictures, short-term and longer-term effects working together, both of which are described in the text.

Personal Void-of-Course Moon

One final, and very useful, addition is the Personal Void-of-Course Moon. The period of time every 2 1/2 days when the transiting Moon has made its last aspect to another body in the sky before changing signs is described as a Void-of-Course Moon period. It can last from a few minutes to over a day, depending how late in signs the planets are at the time. Because the Moon at this time doesn't really have its "feet on the ground," is generally considered a period unfavorable for tangible decisions that require solid support, but an excellent time for insight, relaxation, and reaching outside of confining boundaries. Many astrological calendars include a monthly list of these times.

If you have natal planets late in one or more signs, however, an ordinarily Void-of-Course Moon may still be making aspects to your chart, allowing you a special exception from the rule and giving you a decision-making advantage at this time. Conversely, if your planets are mostly early in signs, then for you the Moon goes Void-of-Course sooner than for the rest of the world, allowing you to check out and party early, while others are still in a more mundane frame of mind. Thus, included here is a list of your own Personal Void-of-Course Moon times unique to you alone, in order to give you a very specific personal advantage. They each begin when the Moon makes its last aspect to your chart and end when the Moon enters the next sign.

Lunar Return: Jun 08, 2012

As in a natal chart, the first thing you look at is the position of the Sun, Moon, and Ascendant. Their positions and aspects form the fundamental dynamic for the month: whether it's coming on like a juggernaut, sneaking up like a cat, stumbling in like a bull in a china shop, or striding in like a hero. Since the Lunar Return Moon is the same as your natal Moon, any aspects to it are also transiting aspects to your natal horoscope, thus uniquely entwining both charts and making the Lunar aspects especially important. The house position of the Sun and Moon tell you where your main action will be all month, and the Ascendant sign show the overall style. Easy aspects of these to the rest of the chart will show a month whizzing by according to plan. Hard aspects will indicate tangles and challenges to overcome. The text relays how to make the most of the former and how to transform the latter to get best results from the month.

Sun

Think big and let others take care of the details: that's the central thrust this lunar month. You will have unique opportunities to observe and develop your life on a large scale, providing a fuller framework on which to hang your daily efforts. Conversely, you may find yourself involved with major external structures and belief systems like the law and issues of fundamental ethics and morality. To a large extent, you have the ability to set your own course if you are willing to show involvement and commitment that inspires both self-confidence and trust. Be an example of what you believe and others will believe in you. The test of yourself is to be yourself and let others follow. Don't be self-conscious, just know you're right, then go ahead...

Sun in Ninth House

The feeling you can get away with anything may be more accurate than you think this month, as energy flows easily in leaps and bounds and obstacles that might ordinarily be in the way are either swept aside or not there to begin with. The Sun reinforcing your natal Moon lends you the quiet emotional confidence that you are up to the task and that, whatever the details, your basic approach is correct and will be supported by other people and events. If you push the envelope, it will come naturally in the course of things and not likely cause problems or dispute. The only drawback might be that you assume too much, get too lazy, and forget to give that extra push to keep on course.

Moon Trine Sun

When in doubt, this month, turn on the charm. You may be able to get by with anything as you can utilize the force of your own charisma to overcome almost any obstacle. The only

difficulties you may run into with this approach is that though your faults may get overlooked now, they may become apparent later, so you have to be able to deliver what you seem to promise. The whole month has a tinge of this lovely but risky illusion, coming from others as well, so take care not to be overrun with momentary desire that may bring longer than intended consequences. Armed with that caveat, however, you can look forward to a positive spin on circumstances whenever you choose it.

Sun Conjunction Venus

Going a bridge too far and still not getting there is easy to do this month, and the hardest thing to do will be to conserve energy and choose your targets wisely. It will be tempting to grapple with issues after they have been dealt with sufficiently and waste energy beating a dead horse. When it looks like you're getting entangled in a thicket, resist the temptation to try to cut your way through - rather, back off and try another approach. Energy is drained by gearing up for contests that never occur, and equally sapped when you are blindsided and react too late. The best solution is to stay poised on your feet, wary, and strike only when the situation is ripe and can be finished quickly.

Sun Square Mars

Moon

A creative, even playful response to your environment will be key no matter what your overall game plan may be this lunar month. Take time out to please yourself and be pleasing, and you'll glean fuel from it to power the rest of what you're doing. When you don't take things too seriously, that's the time when you get the most serious things accomplished, and with ease, so feel free to let go. Whatever you do, put some fun into it and it will go farther. The essence of being a successful adult is having been a successful child. Both are still available to you, so take advantage. You can't win if you don't play...

Moon in Fifth House

It can be easy to relax into an expansive mood and revel in the beauty of what surrounds you - or beautify it some more yourself. Both are in order, as your taste will be obvious and mutually enjoyed by everyone, but you'll only hang on to what you've got if you contribute enough to prove worthy of the praise you naturally get. Enjoy being in touch with your better feelings, but share your insights and wisdom with others, as you only get back what you give in the long run. When you've got more, give more, which shouldn't be difficult unless you really fall asleep at the wheel. It wouldn't hurt to spend a little time figuring out just what you're doing right, so you can buttress your strengths down the line.

Moon Trine Venus

Ascendant

This month will be characterized by leaps to establish order followed by shifting things around, and then shifting things around some more, a balancing act that continues until the end. This is not necessarily because there is not order in the first place, but just to make sure. Kind of like rearranging the living room furniture ten times until you decide you're happy with the first arrangement. Nevertheless, you will be working for a good cause, and that is harmony,

beauty, and fairness where judgment only comes after due deliberation. Expect bouts of arbitration, compromise, and opposing sides agreeing to meet halfway, or at least trying to do so. Were only a month is not long enough to really do the job! The task: striking the best balance.

Ascendant in Libra

There's probably not much you can do to make yourself look bad this month, so be as carefree in your personal presentation as you like. Your very lack of fashion statement will be construed as a new look. In general, it's a comfortable time to relax and play whenever you get the chance, and you'll wear both love and pleasure with ease. You may also find it easy to chill and do nothing at all, but that would be a waste of this month's potential for enjoyment. Get up and treat yourself and someone else special, and you'll have a lot better time than you ever thought you would. Get up and get around, whether just down the street or to another country, you'll enjoy the surroundings.

Venus Trine Ascendant

Fighting will get you nowhere this month, especially because that may be the first thing you're inclined to do, especially when roadblocks appear at work or home and you feel that bulldozing them will take care of the problem. It won't, and the more you try to force your way, the more resilient and elusive the resistance becomes, until you reach maximum frustration and minimum forward motion. The reason is that the people involved are at cross-purposes and not really hearing what's being said, but pushing on, anyway. The solution is to cut the spiraling shovefest and find out what the real issues are, after which you'll likely find everyone was really in accord to begin with.

Pluto Square Ascendant

The inner planets change significantly from month to month and indicate the personal permutations your life is going through. Basically, it's the framework of how you play the game, who else is playing, and how they're playing it. Easy aspects mean you win with no contest, hard aspects suggest a more hard-fought game that may put your life skills more to the test and increase your personal growth and talents through experience. The text relays both sides and gives advice on what games to play, what ones to avoid, and the best strategies - whether you want to raise, hold, or walk away.

Mercury

Grand ideas and schemes abound, and you could reorganize your entire approach to life if you have the time. In general, it's a space for standing back and getting a clearer overall view rather than being lost in the details. Take a good look at the forest, let the trees tend to themselves. You may find yourself lost in thought as you see more clearly how you fit into the scheme of things and where you want to go with your life. Put these epiphanies down on paper so you can reflect on them at leisure and reinspire yourself when life gets too crowded with mundane matters. Button down legal issues, write contracts, take the lead in where you're going

because you know the road ahead.

Mercury in Ninth House

Open hand, open heart have the advantage as solid links with the inner world unfold and allow more intimate expressions of love, romance, dreams, and aspirations. The greatest inner wisdom unfolds with the least effort and you may have to check yourself ("did I say that?") when accidental profundity comes your way. Listen to what you are saying, and take your own advice. Although you may be a bit on the idealistic side, you've got to have a dream to have a dream come true, and now is the time when dreams are well-made and are more than just fantasy or illusion. Check self-criticism at the door, you will have plenty of excuses to doubt yourself later, and with better reason.

Mercury Trine Neptune

Venus

If you try to develop a broad sense of well-being, you'll find it surprisingly easy to connect with the higher principles of life. The miraculous way the world is put together is at your beck and call, just look up. Most particularly, you'll find yourself pleased with the way you fit into the picture and the opportunities open to you that were there all along but overlooked. Open yourself to new cultures and beliefs and you'll come away changed. Major travel and exploration, whether in the inside or outside world, is particularly beneficial. Launch out into the deep, and it will bear you up.

Venus in Ninth House

Venus Retrograde

Every couple of years Venus goes retrograde for a little over a month, impacting on one or two of your Lunar Returns. The period during which it is retrograde (May 15, 2012 to Jun 27, 2012) marks a background that affects everyone in a similar way and is not to be ignored. Projects involving earning or investing money will be slowed down or reversed, as will personal efforts toward getting what you need to make your life satisfying. Your best bet is not to fight the tide but allow it to take its toll on the rest of the world why you hang back and wait for a better moment. If you're staying still and everyone else is moving backward, you're moving ahead. Rethink investments, beautification projects, including clothes and cosmetology.

Sometimes when you get what you want, you tire of it, or you tire of trying to get it. Desire and inclination are at cross-purposes and it's easy to argue about the present and thus forget to enjoy it. Unless you are both watchful and tolerant, you may look back on this period as one of lost or squandered opportunities. There may be not much you can do, as half of the problems are not caused by you, but you can be a peacemaker and ameliorate them. Pull back from turn-offs, closely observe others' needs, put on a happy face even when you're disappointed in order to cut a downward spiral. You may not be able to get all you want, but you can and should cut your losses.

Venus Square Mars

Mars

Shooting from the hip is just the thing to avoid right now, as you'll either miss or, worse, hit the wrong target. Take the time to scope out the situation, especially challenges that may be waiting for you in hiding, and then proceed with caution, but sure of foot. Your best work will be behind the scenes, where you can make maximum headway with minimum interference. Don't be afraid to proceed as a loner and keep secrets - they travel the fastest who travel alone. There will be plenty of time to get back into the swim of things when you've finished your undercover operations. Just resist the temptation to reveal or take credit for what you've done here, or it may backfire on you.

Mars in Twelfth House

The positions of the middle and outer Planets - Jupiter, Saturn, Uranus, Neptune, and Pluto, along with the Moon's North and South Nodes - change little from one Lunar Return to the next, so they add more of a backdrop, the stage set on which the monthly play is performed. They are very powerful, however, and their long-running helpful and troublesome aspects are not to be taken lightly. They can be like a rope to swing yourself across the stage or a trap door that will cause a fall if you're not watching. The text on the mutual aspects of these giants to the inner planets and the Lights, and where they fall by house, shows you just where to watch for them, what mood they're in, and how to get them on your side.

Jupiter

Expanded credit could arrive just when you most need it this lunar month - and if it doesn't, then chase after it, chances are you'll get it. Look for bigger credit lines, better percentage rates, beneficial transfer deals, all are available if you look for them. The inclination will be to put them to immediate use, but there you should be more cautious and keep a substantive reserve. You'll also discover that you have forgotten resources to draw on that may show up suddenly and surprise you. It could be a fortuitous check, but more likely it will be something you had all along that you had overlooked and which will expand your horizons and capabilities. Keep your eyes open and don't toss things away without a second look.

Jupiter in Eighth House

This is a broad time for taking that second look at what life seemed to offer, or that it claimed to promise. That doesn't mean your life, specifically, but you'll probably find that's the current question in the air and there is good conversation in it at the least. The answers in general will be for the moment that optimism fails, hopes lead to disappointment, and a lot of other confusions which are the result of both unclear desires and fuzzy thinking. If you can be on the outside looking in to this one, you'll be the happier for it. Unexamined expectations goeth before the fall, and where you can be a cushion to others and a shoulder to lean on, you'll be the one to benefit from it later.

Jupiter Square Neptune

Saturn

You may want to pull in your wings a bit for awhile, as restricting forces are in the air that can put pressure on you if you don't carefully mete out your energies. Mainly, your personal energy reserves are easily drained, making situations you might have bounced back from take a greater toll than usual. Concomitantly, you may find more will be put on your shoulders than you would like, so look for others to take a load off. If there is any time to delegate authority, and the responsibilities that go with it, this is it. Nevertheless, you may feel obligated to handle things yourself anyway, in which case take it slow, careful, and avoid wasting time. Less is more this time, really.

Saturn in First House

Uranus

Just when you thought work was boring, everything changes, without notice. Maybe you'll look back with fondness on boring, maybe you won't, but chances are you won't have time to. Success depends on keeping on your toes. Don't try to be ahead of the curve lest it vanish beneath you unannounced - better to ride the crest of the present and stay flexible. The challenge of it all will be avoiding stress and anxiety in the process, which can impact on your well-being. Knowing that each up and down is only temporary helps, and it will all even out in the end, particularly if you focus on quick response now and let later take care of itself. That's the way surprises turn into opportunities, so don't recoil, embrace them.

Uranus in Sixth House

This several-year period (most recently centering around 1933) occurs only once every 128 years and is reputed to have the effect of transforming and sometimes violent technological progress upon society at large. Too lengthy to have much differing effect monthly, it nevertheless sets the tone of the period. Uranus/Pluto's relationship to the rest of the chart by house and aspect give it a revolving punch that is a regular monthly shakeup. So, look to its relationships this month to the rest of the elements in the Lunar return to see how this really "big picture" planetary aspect works for you.

Uranus Square Pluto

Neptune

Your most creative moments will come when you abandon yourself to fantasy and float free, allowing anything at all to come into your head and let the Muse do her work. Breaking down internal barriers, however you choose to do it, will be the key to finding that field of dreams that had escaped you. If you build it, they will come, but this is not really the time to start construction, just outline your inspirations and wait until your head clears before you get down to brass tacks. Your kids may try to pull the wool over your eyes, but what else is new? Also a fruitful period for planning that dream vacation, just don't book your tickets until you're sure that's really where you want to go.

Neptune in Fifth House

Pluto

Words can be your tool or weapon of choice this cycle, so be careful how you use them. This is the playing field upon which confrontations are most likely to be staged, but also where you have the opportunity to transform conflict into compromise. The pattern that will take will be less a mutual acceptance of the status quo, but a willingness to throw that out entirely and forge a new way to phrase, and thus execute, the matter at hand. The pen is truly mightier than the sword, but swords are better put to use when reforged into ploughshares. A cruel but clever wit can clear the playing field, but leave its possessor alone at the end. Don't push it over the edge unless irrevocably pushed into it by another.

Pluto in Third House

Node

New financial responsibilities may come your way this month that require you to put out extra but may also serve to boost your credit as well. It's important to check twice before signing on the dotted line, because it will be easy to get yourself in deeper than you suspect. Read the fine print, and avoid okaying repeating automatic charges that mount up behind your back. Found money, in the form of an unexpected gift or legacy, could also be in the cards, as good deeds you have done in earlier times get a long-deserved reward. Similarly, old debts may finally get repaid and former projects pay off dividends in the form of royalties or revived interest. Collect your piece of the action.

Node in Second House

Featured Planets

When selected Lunar Return positions occupy the same spaces as bodies in your natal chart, this highlights certain natal inclinations for the month. It will mean that certain elements in your fundamental character will be emphasized both internally externally. These will be the areas that most appear to represent you for the moment and that others will seize upon as entry points to your personality. These are the areas in which you can put your best foot forward to make the most effective and gratifying steps ahead, providing your first line of challenges and opportunities to embrace the world.

Sun Highlighted by Mars

This highlights your fundamental energies that make your personality shine throughout the month and beyond. It will mean that events this month will to some extent revolve around your ability to demonstrate self-confidence and become a well of energy and inspiration for others. It is the opportunity for your self, the unity behind the sum of your parts, to take command and establish power and influence over your surroundings. That does not mean you will be lord of all you survey, but it's a sure step in that direction and will lead to confirmation of an expanded self-image that can only put you on a rising track, both on the inside and the outside.

Daily Events: Jun 08, 2012

As the Moon speeds on through the month, the minute hand of your Lunar Return, it moves through all twelve houses of both your natal chart and the Lunar Return chart, as well as hitting both sets of planets. These are the times to look for specific events that activate these parts of your monthly picture and will offer times for making your best moves. There are forty-seven such events, and they repeat every month, but not at the same time or in the same order. Plus, the playing field and basic potentials of each month differ, so each of the basic transits has a different role to play every month, while retaining its core implications. The individual transits begin with the symbolism of the degree at which they occur, followed by an interpretation of their general meaning, and finish with a handful of specific "issues and accents" to address, which they may bring into your life. Finally, your personal Void-of-Course Moon periods will vary widely and are important timing factors in the daily decision-making process, so keep a close eye on them.

Fri Jun 8, 2012 **Moon in Aquarius**

Sat Jun 9, 2012 **Moon in Aquarius** (Enters Pisces at 03:23 pm)

08:16 am **Moon Void (Personal) Ends: 03:23 pm**

02:34 pm **Moon Void Ends: 03:23 pm**

09:10 pm **Moon Conjunct Return's Neptune**

4° Pisces: *The narrow isthmus between two summer resorts, both sparkling with life, carries crowded holiday traffic safely. DELIVERY*

Trust your feelings and try to harness your intuition, which is favored. Although goals are different from dreams, you must dream to have goals, and it's at times like this they are born. The seeds of the future are borne on the wind, and when reveries come to roost, the fantasies of tomorrow become the accomplishments of today. But like a hall of mirrors, only one of the images is you, and you will have to find out which one that is, in order to make it come true.

Issues and Accents: *sacrifice, escape, apprehension, misrepresentation, nursing*

Sun Jun 10, 2012 **Moon in Pisces**

02:33 am **Moon Conjunct Natal Saturn**

7° Pisces: *Over the strewn and irregular masses of stone at the shore is low-lying fog, but on one clear rock a cross rests. TESTIMONY*

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't

overcome your limitations until you truly know what they are. Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate. Say grace, and you'll receive grace.

Issues and Accents: *limits, cramps, boundaries, property, despondency*

11:06 am **Moon Enters Natal 04th House**

11° Pisces: *A group of serious-eyed, earnest-faced men are seeking illumination and are conducted into a massive sanctuary. VESTMENT*

A general inclination to hold back and go inside for inspiration holds sway, which can lead you to tend home affairs or simply to withdraw a safe distance to consider what's important and what your next move will be. Similarly, it's a good time to refine defense strategies and patch up those fences that separate you from the neighbors and the outside world, literally and figuratively. When you are sure of your boundaries, you can more safely go beyond them.

03:49 pm **Moon Enters Return's 06th House**

14° Pisces: *A young lady from top of coiffure to tip of toes is regal, and she displays soft beauty of face above fox furs. CERTIFICATION*

The daily structure of your life and work is often taken for granted and so can fall into disrepair. This is a time to reinvent the ordinary and make it special, to see that the habits and methods that make up your daily operations actually serve the purposes for which they were intended. By being a do-it-yourself efficiency expert, you can make this month more productive and less boringly repetitious. If it works, embrace it. If it doesn't, erase it.

Mon Jun 11, 2012 Moon in Pisces

06:42 am **Moon Void Ends: Jun 12, 2012 00:22 am**

Tue Jun 12, 2012 Moon in Pisces (Enters Aries at 00:22 am)

12:08 pm **Moon Enters Natal 05th House**

6° Aries: *A black square stands firmly, illumined red on one side. RESTLESSNESS*

This is a very open time of month, when spontaneity and warm feelings can flow more easily, and the creative and romantic urges compete to hold sway. A good time for connecting with children or for taking a little time off for fun and frolic. Risk-taking is easier, and you're likely better at it now, though don't go out on a limb unless you're sure. Don't push for concrete steps, but go with the flow and let things happen and the results will surprise and delight.

Issues and Accents: *flamboyance, indulgence, festivities, expressiveness, glamour*

04:16 pm **Moon Conjunct Return's Uranus**

9° Aries: *A seer gazes intently into a crystal ball before him. ASSURANCE*

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

Issues and Accents: *boundaries, choices, inequality, revision, disintegration*

Wed Jun 13, 2012 Moon in Aries

00:53 am **Moon Enters Return's 07th House**

13° Aries: *A bomb that has failed to explode is now safely hidden from discovery. EXPECTATION*

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

Issues and Accents: *tolerance, visitors, inequality, relationships, estrangement*

Thu Jun 14, 2012 Moon in Aries (Enters Taurus at 12:22 pm)

06:08 am **Moon Void (Personal) Ends: 12:22 pm**

02:53 pm **Moon Enters Natal 06th House**

2° Taurus: *A brilliant electrical display illuminates the heavens and the forests beneath. TRANSFORMATION*

This period has a bit of a "back to work" flavor, where picking up stitches and buttoning down projects is the flavor of the day. Where you have gotten off schedule, either at work or in your personal habits or health regiment, now is the time to make the correction and get back on track. By strengthening routine so it runs by itself, you free your hands for more important things down the line and prevent untimely trip-ups from overlooked details at the last minute.

Issues and Accents: *advertising, details, accuracy, regimentation, waitresses*

10:51 pm **Moon Conjunct Natal Uranus**

6° Taurus: *A delicate cantilever bridge is in process of construction across a high narrow gorge. CHANNELSHIP*

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. The best maneuvers often burst out full-blown like Athena from Zeus's brow. Don't be impatient with others who may not go

along, and be ready to accept consequences, for good or ill.

Issues and Accents: *impulses, infidelity, progress, uprooting, trends*

Fri Jun 15, 2012 Moon in Taurus
 11:37 am **Moon Enters Return's 08th House**

12° Taurus: *A quite youthful young couple is walking down a busy street, stopping to peer into every window with joyful glee. ESTIMATION*

Financial self-reliance is a goal, but sometimes it's better to gamble with other people's money than your own. A carefully-wrought juggling act of balancing borrowed stakes with retooling and refitting your own personal resources can serve you as well as gold in a safe deposit box. Extra baggage that you eliminate right now will make that whole process work more efficiently, so what you can't reclaim for reuse, spin off as gifts or collateral.

Issues and Accents: *precariousness, taxes, orgasm, sex, donations*

 08:09 am **Moon Void Ends: Jun 17, 2012 01:24 am**

05:57 pm **Moon Enters Natal 07th House**

27° Taurus: *A hopelessly withered old Indian squaw, with a clear light persisting in beady eyes, is selling trinkets. INTERCHANGE*

Personal relationships can be put into focus now, and you may find that you can share your emotions and responsibilities with a partner who will take a load off your back. By giving credit where it's due and avoiding competition or jealousy you will find you often receive more than you give, but then that is what usually results from an open hand and heart. Fairness is at a premium right now, so go out of your way to see that everyone is on an equal playing field.

Issues and Accents: *enemies, negotiations, divorce, stalemate, understandings*

Sun Jun 17, 2012 Moon in Taurus (Enters Gemini at 01:24 am)
 00:03 am **Moon Conjunct Return's Jupiter**

30° Taurus: *A peacock parades its splendor on the quiet lawn of an old palace garden in dignified solitude. LOFTINESS*

Positive thinking and a generous imagination can now set the stage for increased opportunity and a bigger piece of the pie. The only limits you have are those you impose upon yourself, and now is not the time to do that. Think big, not only for yourself but for those involved with you, so that win-win situations can blossom and lead to ever-expanding possibilities for all concerned. When you invest in others, you invest in yourself, paying dividends to your posterity.

Issues and Accents: *forecasting, nutrition, fortune, enhancement, security*

11:10 pm **Moon Enters Return's 09th House**

11° Gemini: *A new real-estate subdivision is revealed with wide paved streets, ornamental lights, and a few newly built houses. IDENTIFY*

Is your life cinema verite, or is there a plan? Now's the time to invent the latter or improve on what you've got. Dead reckoning can get you where you're going, but why not have a map? This is a good time for establishing the lay of the land, getting that aerial overview that confirms where you've been, where you are, and where you're going. You needn't rush off on the journey, just turn it around in your mind until you have a good grip on the possibilities it offers.

Issues and Accents: *telecommunication, social security, success, trials, selling*

Mon Jun 18, 2012 Moon in Gemini05:44 am **Moon Conjunct Return's Venus**

15° Gemini: *Two Dutch children in their immaculate native costumes are studying their lessons together. CLARITY*

It's a good time to be presenting things in the best possible light and dressing up your reality in its Sunday best. When you look good, you feel good, and you make others around you feel better as well. By surrounding yourself with the trappings of love, desire, wealth, and beauty, you bring those very same elements closer to you, so indulge yourself in order to attract the future wherewithal of self-indulgence. In other words, consider play to be an investment in the future as one good thing leads to another.

Issues and Accents: *cash, excuses, leisure, refunds, bedroom*

11:47 am **Moon Void (Personal) Ends: Jun 19, 2012 01:34 pm**02:28 pm **Moon Conjunct Return's Sun**

19° Gemini: *In the somber archives of a sedate museum, a large archaic volume is somewhat conspicuously displayed. IMPLICATION*

The heart of the matter and the main focus of the month gets its greatest boost now, even if it may not seem so at the moment, so keep your eyes wide open and be ready to jump to the tune when it starts to play. It's a time to whip up enthusiasm, not necessarily to get down to brass tacks, so put on a happy face and spread good feelings around, even if nothing else seems to get done. By engendering warmth and excitement, you focus the flood in your direction and partake not only of your own energy, but the environmental electricity flowing down your wire.

Issues and Accents: *prestige, generosity, exhibitionism, arrogance, willpower*

11:02 pm **Moon Enters Natal 08th House**

23° Gemini: *Three fledglings, secure in their nest high in the tree, already reveal the deep pride of their heritage. SECLUSION*

Credit can be looked at creatively and used to maximum effect, with particular attention to raising your limits without overtaxing yourself. Recycling efforts may pay off by repurposing something you would have otherwise disposed of. A glance back to the old ways of doing things can inspire and even pay off as you realize there's nothing really new under the sun. Taking out the trash, once you have decided what it really is,

can feel like a fresh, new start.

Issues and Accents: *sexuality, eradication, separation, harassment, sensuality*

29° Gemini: *High in a tree that has given only the faintest evidence of returning spring, a mockingbird delivers his repertoire. QUICKENING*

New Moon in Natal 08th House

You may find turning over a new leaf this month entails tossing out the old and ringing in the new, but you should take a second look before doing that. What you may find much more satisfactory is to simply rework and refurbish what is already there. Sometimes a new paint job makes everything new again, so you don't have to totally start over from scratch. They don't make things like they used to, so preserve what you can. It's also a good time to initiate that new credit card, but avoid impulse buying, as it's easy to go overboard right about now. Ditto for mortgage or other loans - a good starting time, but just take what you need and no more.

New Moon in Return 09th House

Getting into blue-sky brainstorming and giving even the most crackpot ideas a run for their money can provide fun and maybe even profit now. Original thinking is the better for being temporarily free of ties and responsibilities, so scheme on, however unusual it may seem. Spend the next couple of weeks following through on what you've dreamed up, then decide if it's garbage in, garbage out, or the makings of the Nobel Prize. Explore some of the areas where they give out Nobels: peace, literature, economics, science. All can use some fresh blood and inspiration - why shouldn't it be yours? If it turns out to be really wacko, toss it. If not, patent it.

Issues and Accents: *eradication, separation, condemnation, vindictiveness, resentment*

06:45 pm **Moon Conjunct Return's Mercury**

3° Cancer: *Through the cold darkening depths of a Northern canyon, a man all bundled up in furs leads a shaggy reindeer. IMMERSION*

This is a time for clearing things up and attempting to be particularly lucid about your current set of plans. New insights can be worked into the picture and details laid out to those who need to be in the know. Bounce ideas off other heads to see a less subjective view of your schemata, then proceed to set things into motion before you lose the freshness of the inspiration. Though feelings may compel, you're best off right now with only what can be expressed clearly in words.

Issues and Accents: *bank balance, books, information, discrimination, absentmindedness*

Wed Jun 20, 2012 **Moon in Cancer**

06:00 pm **Moon Enters Return's 10th House**

15° Cancer: *A group of merry, sluggish individuals are resting; they have overeaten most indiscreetly and enjoyed it. SATIATION*

What people believe you are often seems more important than what you really are, so crafting your public image is critical for success. This is always a mix of real achievements mixed with what's in the eye of the beholder, so make sure that you have both working for you. Find out now what other people, especially your peers, are saying about you and provide information to turn the opinion polls your way. Sometimes a spin doctor is more valuable than an M.D.

Issues and Accents: *obstructions, autonomy, forethought, results, fame*

Thu Jun 21, 2012 Moon in Cancer (Enters Leo at 11:48 pm)05:40 am **Moon Conjunct Moon's South Node**

21° Cancer: *The magnificent opera house with its glittering audience rests in silence; the prima donna is singing. RECOGNITION*

12:49 pm **Moon Void Ends: 11:48 pm**01:31 pm **Moon Enters Natal 09th House**

25° Cancer: *A leader of men erect and fearless suddenly finds thrown across his right shoulder an invisible mantle of power. ENLISTMENT*

This can be an ideal time for those long conversations and ambitious exploration of new mental and emotional territories. Your reach feels greater than before and you are only limited for the moment to what you can imagine, leaving the details for later. You can stand back and examine the big picture and chart your way through it. Travel broadens the mind, whether it be a physical trip or an armchair journey of the mind. Believe in what you conceive, and it will come true.

Issues and Accents: *enlightenment, inflation, consideration, fair play, anticipation*

05:56 pm **Moon Void (Personal) Ends: 11:48 pm**05:56 pm **Moon Conjunct Natal Pluto**

27° Cancer: *In a normally peaceful canyon, with wealthy secluded ranches, a furious storm seems to multiply its terror. ABUNDANCE*

The inclination may be to push through to get your way, that for the moment the end justifies the means. Stand back and take another look, however, and you might decide otherwise. When you simply "must" do or have something, you probably shouldn't - at least not to the degree you are contemplating. Such feelings are signals that can get you in better touch with deeper emotions and are better used in that cause rather than in the service of a quick ego boost.

Issues and Accents: *metabolism, odors, envy, upsets, legacies*

Fri Jun 22, 2012 Moon in Leo

Sat Jun 23, 2012 **Moon in Leo**
02:25 am **Moon Enters Return's 11th House**

15° Leo: *The great American carnival, the Mardi Gras at New Orleans, is seen with a wealth of floats, decorations and merriment. EXPOSURE*

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

Issues and Accents: *advice, companions, innovation, accessories, connections*

06:27 pm **Moon Void** **Ends: Jun 24, 2012 07:43 am**

Mon Jun 25, 2012 **Moon in Virgo**
02:56 am **Moon Enters Natal 10th House**

11° Virgo: *A beautiful boy is revealed; he is all boy in every way, but in him lives too the idealization of a wise mother. CONSUMMATION*

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself. Make mileage out of compliments and take credit where it is due. Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

Issues and Accents: *pride, boundaries, retirement, discipline, certification*

07:25 am **Moon Enters Return's 12th House**

14° Virgo: *A large sheet of parchment is covered with finely lettered names and mysterious lines; it is a splendid family tree. GENTILITY*

Behind-the-scenes maneuvering can go a long way toward setting you up for the main event, so don't feel you have to tell all right now to get things done. What you don't know can hurt you, so some non-invasive information-gathering on the sly may be just what you need to take some time for right now. Honesty is the best policy, but do no harm is the bottom line. The less said the better right now, and actions will speak louder than words when the time comes.

Issues and Accents: *elusiveness, decline, fear, hiding, self-analysis*

07:48 am **Moon Conjunct Natal Venus**

14° Virgo: *A large sheet of parchment is covered with finely lettered names and mysterious lines; it is a splendid family tree. GENTILITY*

Take the opportunity to express the warmth you feel and don't hesitate to display your social charms in a fertile, group context. Flattery will get you everywhere,

so you can safely lay it on thick. Self-improvement and beautification are the way to go, but self-indulgence can slip into the middle, so watch that you don't overdo things because you just can't help yourself. Impulse buying is easy to do - be kind to yourself, but watch your wallet.

Issues and Accents: *women, valuables, alliances, patience, holidays*

09:46 am **Moon Conjunct Natal Neptune**

15° Virgo: *A handkerchief of the finest linen and oldest lace lies folded near milady's mirror by a bottle of rare perfume. RESERVATION*

Intuition runs strong for a bit, and chances are that hunch you have is correct, even if you can't put your finger on it or give a reason for your predictions. The same goes for your people-antennae, which are particularly tuned in to the feelings of those around you. It's easy to drift off into a daydream, or simply fog out at a cocktail party. Operating heavy machinery, however, is less than recommended. Don't try to dream and drive at the same time.

Issues and Accents: *music, escape, misrepresentation, nursing, deceit*

02:27 pm **Moon Conjunct Natal Sun**

18° Virgo: *Two giggling young girls are sitting facing each other, knees tightly touching, working a ouija board on their laps. SHARP*

This is likely your second most active time of the month, as your inner energies get a boost and you are more likely to be in for some ego-stroking. As greater energy and enthusiasm flow, so do the opportunities to expend them, so you might take care not to overdo things or you'll drain yourself. This has a "launch-pad" feel to it, so make sure new endeavors begun now are birthed with a steady hand, as well begun is half done and you don't want slips at the starting gate.

Issues and Accents: *self-esteem, entertainment, energy, self-centeredness, publicity*

04:10 pm **Moon Conjunct Return's Mars**

19° Virgo: *There is a colorful gallery on the warm summer day; in the clear blue water a swimming race nears its decision. COMPETITION*

A quick, deft thrust can slay your quarry, but shooting from the hip risks overwhelming return fire. Rash actions seated in annoyance or anger can do a lot more damage than just sitting on your hands and waiting it out. Forceful action can carry the day, but only if it's well thought out and comes from a cool head, not a hot heart. The opportunity here lies in knowing when to pass and let someone else make the mistake, after which you may capitalize upon it.

Issues and Accents: *enthusiasm, armaments, armament makers and workers, harm, conflict, rust*

11:40 pm **Moon Enters Natal 11th House**

6° Libra: *A pilgrim sits on a rustic bench and one by one his ideals in a sort of trance-vision take form before him. CONSERVATISM*

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *inclusion, caution, community, inducements, machinery*

Wed Jun 27, 2012 Moon in Libra

07:32 am **Moon Conjunct Natal Mercury**

11° Libra: *A kindly old professor from his battered desk looks out over his eyeglasses at a class eagerly awaiting his words. KINDLINESS*

Sudden inclinations to figure things out and think things through are definitely the way to go, and it's a good time to put it down in writing lest you forget it. That's also a good idea because schemes hatched now may be somewhat colored by feelings of the moment that can be wisely edited out after a second look. Keep it simple and don't get bogged down in details for the time being and you can cover multiple topics and issues, solve multiple problems while the inspiration lasts.

Issues and Accents: *attorneys, diction, invoices, headaches, credentials*

10:43 am **Moon Enters Return's 01st House**

13° Libra: *A children's birthday party is in progress; on a side porch a group of youngsters are blowing soap bubbles. INFORMALITY*

This marks a period when it will benefit you most to use your personality as the winning card in any game you are playing. It's the time to make that sale, impress that client, charm that lover, play to the audience. Don't try to impress them with statistics or your track record, just wow 'em with the way you come on, with the conviction you have in what you present. This is the month's window for being on-stage, so take the opportunity to light up when it's presented.

Issues and Accents: *power, altruism, purpose, choice, self-discovery*

Thu Jun 28, 2012 Moon in Libra (Enters Scorpio at 04:33 pm)

04:23 am **Moon Void Ends: 04:33 pm**

04:45 am **Moon Conjunct Return's Saturn**

23° Libra: *Chanticleer mounts the corner post of a fence; never will the day again be greeted with the enthusiasm now born. TRIUMPH*

Setting limits and downsizing some of your operations may be just what you need to get a tighter focus and better utilize limited resources. This may at first seem a downer, but it's really a matter of putting quality over quantity. You cannot be all things

to all people, so you have to select what role you can effectively play and divert your assets to support it. Carefully-chosen sacrifices allow all your guns to bear on the target you can't afford to miss.

Issues and Accents: *reliability, blockages, darkness, loneliness, patience*

11:24 am **Moon Void (Personal) Ends: 04:33 pm**

06:38 pm **Moon Enters Natal 12th House**

2° Scorpio: *What has been a handsome and valuable bottle lies broken and forgotten; a track of living perfume leads from it. ABSOLUTION*

This is likely the quiet time of the month, a lull in traffic, the calm before the storm of renewed energy that will follow. Retreat and contemplation, with resultant renewal and regrouping, are favored pursuits. Use down time to reconsider your options and make sure you are really on the right course. Inner challenges you grapple with and resolve now will result in more focused and effective action when the time comes for it, which will be shortly.

Issues and Accents: *treachery, atonement, charity, escape, memory*

Fri Jun 29, 2012 Moon in Scorpio

11:35 am **Moon Enters Return's 02nd House**

12° Scorpio: *A brilliant assembly of dignitaries is seen on a highly polished dance floor; it is an important embassy ball. POMP*

This month's finances are best dealt with, or at least planned for, during this two-day stretch. Make decisions, allocate funds, plan a budget, write checks, anything that can go towards wrapping up your money issues for the month. Once these issues are out of the way, you can move on to networking on your next set of issues. This is the time to count your recent winnings, impact any losses, and see what your bottom line is going to fund for you in the near future.

Issues and Accents: *durability, work, values, belongings, inhibitions*

11:16 pm **Moon Conjunct Natal Jupiter**

19° Scorpio: *A wise old parrot has been listening attentively to the conversation and preening himself; now he begins to talk. REPAYMENT*

Look for circumstances to further your good fortune and new ways to develop that further your agenda. This is aided by a generally positive, can-do attitude and a feeling that it's all going to work out for the best. And that's an approach that can make for excellent self-fulfilling prophecies. Generosity is the first option, which tends to be returned in kind, and a feeling of being in touch with the general operating system of life gives insight to the heart as well as the head.

Issues and Accents: *fortune, altruism, enhancement, default, security*

Sat Jun 30, 2012 Moon in Scorpio (Enters Sagittarius at 06:05 pm)

11:43 am **Moon Conjunct Natal Mars**

27° Scorpio: *Scintillating with the flash of the instruments and the colors of banners and uniforms, a military band is marching. INTREPIDITY*

You may find yourself running into brief spells of irritability and/or impatience, when you want to get on with things but your way appears blocked. It's easy to get into a fight, perhaps even easy to win one, but it's not a good time to choose one. Avoid quarrelsome and contentious people who might get your goat and remember that most battles aren't worth fighting. Snap judgments are usually the worst, and you can't regret mistakes you don't make.

Issues and Accents: *impatience, spontaneity, injury, violations, desire*

12:05 pm **Moon Enters Natal 01st House**

27° Scorpio: *Scintillating with the flash of the instruments and the colors of banners and uniforms, a military band is marching. INTREPIDITY*

This is likely your most interesting and active time of the month, when you can project yourself more convincingly and with greater force than at any other time. It's the time to get things done in person, face-to-face, rather than by mail or phone, as your ability to project yourself is at a peak, as is the inclination of others to accept you at face value. It's a period to make extra space in your schedule, as you're likely to have more to do than you expect.

Issues and Accents: *atonement, vindication, corrections, abandonment, advancement*

01:04 pm **Moon Void (Personal) Ends: 06:05 pm**

03:47 pm **Moon Void Ends: 06:05 pm**

Sun Jul 1, 2012 Moon in Sagittarius

02:11 am **Moon Conjunct Return's Moon's Node**

5° Sagittarius: *An owl is gravely perched high and deep in the shade of an old landmark of a tree, solitary on a point of land. PROSPECT*

This is a time when the fox comes into view and the chase is begun, but you may not want to participate in the hunt, so take stock before you go galloping off. The opportunity for emotional or financial attachments and the responsibilities they entail may be something you want to pass on for the moment. Today's blithe commitment all too often becomes tomorrow's burden, so be sure that you really want it before you saddle yourself with more than you may want to carry. This does not mean avoid commitment altogether, but that many call and only a few should be chosen.

11:36 am **Moon Enters Return's 03rd House**

11° Sagittarius: *An ugly old human figure is the carved representation of a god; near the left side is an ever-burning lamp. NOBILITY*

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around to get it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty, things that grease the skids for all concerned and avoid wasted time

by getting rid of repetition, misunderstandings.

Issues and Accents: *maps, teaching, guests, information, escape*

Mon Jul 2, 2012 Moon in Sagittarius (Enters Capricorn at 06:52 pm)

06:57 am **Moon Enters Natal 02nd House**

23° Sagittarius: *Bathed in a slantwise western sun, with the Statue of Liberty beyond, Ellis Island welcomes the immigrants. PRESUMPTION*

Attention to cash flow and how to improve its balance in your favor catches your focus, and you'll find yourself basing both attitude and decisions on how much it costs, what it's worth, who wants to buy it. Your innate possessiveness is at its maximum and it may be hard to part with belongings, even ones you need to get rid of. It's also a time for reevaluation of what you think is important to you and why you consider it so, getting your ducks in a row and making critical choices.

Issues and Accents: *bank account, completeness, retreat, unburdening, earnings*

06:21 pm **Moon Void Ends: 06:52 pm**

Tue Jul 3, 2012 Moon in Capricorn

09:12 am **Moon Conjunct Return's Pluto**

9° Capricorn: *There is a vast stretch of heavenly realm and across it an angel carrying a harp comes leisurely but surely. COMMUNICATION*

You may have to briefly force someone's hand in order to win this round, but that's all part of the game, so don't flinch at the possible necessity. Also don't be surprised if turnabout is fair play and you find yourself the subject of a force play. The bottom line is to remember that it's more than just your game and you can only win if everybody gets to the finish line. Don't try to overwhelm pockets of resistance, however, as a Pyrrhic victory is an empiric defeat.

Issues and Accents: *soul-mates, metabolism, odors, legacies, conscience*

02:53 pm **Full Moon**

13° Capricorn: *Back against the mountains towards the East that fringe the roof of the world a fire-worshipper is meditating. MAGIC*

Full Moon in Natal 02nd House

Under a little more intensity than usual, it's time to wrap things up financially, collect on projects that have come to fruition, and generally tie up loose ends. That should mean ending extra spending for a time, as it will be less necessary, but that's hard to do on a Full Moon, when things are a little crazy and judgment isn't always on the mark. Still, put your focus on that last payment, that final accessory, as the appropriate approach is to round out what you have done, put on the final touches, and then showcase it. It's a time to show off what you've got and make the most of it, not keep piling on to it. From now on, you should concentrate on reaping its rewards.

Full Moon in Return 03rd House

Your abilities as a communicator may be put to the test right about now, and to the extent that you can gather and integrate disparate opinions you will succeed in taking charge of the situation. By promising a single, resolving approach to a variety of inputs, you can put yourself in the driver's seat, or at least be the one everybody comes to when they want a definitive opinion. Be a pollster and take the pulse of those around you, then help everyone get on board of whatever seems to be the prevalent and favored approach. You may have to let your answering machine take calls, as there can be an overflow and you'll want to have the strategic choice of who to call back first.

Issues and Accents: *talents, order, renunciation, predestination, bargains*

06:38 pm Moon Enters Return's 04th House

15° Capricorn: *It is the children's ward in the hospital, with an abundance of toys, books and gifts for the youngsters. ESCAPE*

Attention to laying the foundations of what you are going to do and be for the month is the order of the day. Build from the ground up and don't start on the first floor until the basement is done. You don't have to complete it all right now, but have the order determined and your materials ordered so you don't have to go back and draw up altered plans later. Where you've already put it all together (or mostly), tidy up the joint, set your house in order.

Issues and Accents: *lodging, living space, community, self-defense, life-style*

21° Capricorn: *Excitement thrills the grandstands during the relay race as each runner springs to his place with eagerness. TRANSITION*

Commitments undertaken at this time may last longer and require more of you than you now anticipate, so don't sign on the dotted line until you have read the fine print. And, don't casually say yes to something you don't really mean, because you may be held emotionally or financially accountable for it. This is a time to fine-tune your honor and become more closely aware of your emotional responsibilities, and realize just how much your behavior affects others.

25° Capricorn: *The little boys are welcomed to the store of the genial Oriental rug dealer for rare fun in piled softness. ENRICHMENT*

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and Accents: *perceptions, reminders, abbreviation, fingers, schemes*

08:32 pm **Moon Enters Return's 05th House**

15° Aquarius: *Two little love-birds are sitting on a fence singing to each other and advertising their happiness to the world. INFORMATION*

Making the most of playtime can do as well for you as the most earnest work, and setting time aside for recreation and generally creative pursuits will serve to refuel and reinspire the rest of the month. The works of your life are your children as much as any son or daughter, and when they are conceived and nurtured in love, the result can only bring reward. So, listen to the natural soul inside and take some time now to bring those inner voices into the sunshine.

Issues and Accents: *imagination, ability, hobbies, extravagance, trophies*
